

Autism Treatment Consortium is growing along with our children! We are recruiting one to one pediatric ABA intervention aides / therapists. We are looking for dedicated, enthusiastic individuals to enhance our multi-disciplinary team. We offer very competitive pay, flexible scheduling and professional development opportunities. If you are eager to discover new skills while scaffolding our team and improving a child's life, we'd love to speak with you. Applied Behavior Analysis informs our clinical work as well as our organization's structure and personality.....that translates into lots of positive reinforcement for our gang!

Additionally, if you know of a great individual who would be interested in joining our group we are pleased to offer a "thank you" finder's fee for your successful referrals to our organization!

Current opportunities in Calgary area.

We look forward to hearing from you! **Ph. 403-660-4554** or shellytulloch@shaw.ca

Please send resume and references attention to:

Shelly Tulloch, Clinical Director

Autism Treatment Consortium

Suite 328, 7620 Elbow Drive S.W.
